Pre- Authorized Giving

What is pre-authorized giving?

Pre-authorized giving is when an automatic debit is taken from your bank account on the same day of each month.

Advantages for you:

- † Convenience. This is a good way to ensure that your offering is received by the church every month, even when you are on vacation or away on business.

Advantages for St. George's:

- † A regular, dependable, cash flow helps us in budgeting and long-term planning.
- † When people choose to give through PAG the costs of paperwork, bookkeeping and envelopes are reduced.

How will my offering be recorded on my monthly bank statement?

- † Like churches in several other denominations, our pre-authorized giving program is administered by the United Church of Canada,
- † Because so many churches are involved in their plan, they can offer us the lowest administrative fee.
- † Your bank statement will record your offering PAG-The United Church of Canada
